

## THE TTS CONNECTION

Hello,

We hope everyone is staying safe and healthy while remaining in the game during this unprecedented time. Even with the working restrictions from the COVID-19 virus, the TTS Platform keeps you remotely connected to your team and customers, from the road or your home office. It provides fast, secure access right at your fingertips from your computer or mobile device to all the platforms you need, to continue to operate your business and generate sales.

**QUOTATIONS | SALES ANALYSIS | CRM | TOTAL ORDER ENTRY |  
MARKETING**

### The Quotation Module

Designed with the Sales Rep in mind, the TTS [Quotation Module](#) enables you to manage all manufacturer quotations in one place. Enter just one quote and it is stored in the TTS database and accessible from every module. You can do everything from sending professional quotations to customers to pulling a plethora of reports by customer, vendor, branch/district or win/loss customer list, just to name a few.

## NEW FEATURE!

We have improved the Check Inventory function in the Total Order Entry Module, saving you a ton of steps to see the data you want.

- You can now search by Product or Description, and type in a full or partial word to get the specific results you are looking for.
- There is also a comprehensive filter function allowing you to narrow down the data you want to see.

Access the Check Inventory function from the Quick Launch menu.

Don't forget to select "**Additional Reports**" from the left menu to access all the latest reports that have been asked by and designed by you, our customer.

#### Additional Reports for Total Order Entry

<b>Vendor Inventory Re-Order Report</b> Vendor: <input type="text"/> Warehouse: <input type="text" value="Main"/> <input type="checkbox"/> Include Non-Warehouse Product	<b>Order Item Detail Report</b> Vendor: <input type="text"/> Warehouse: <input type="text" value="Main"/> From: <input type="text"/> To: <input type="text"/>	<b>Item History Report</b> Vendor: <input type="text"/> Warehouse: <input type="text" value="Main"/> From: <input type="text"/> To: <input type="text" value="4/7/2020"/> <input type="checkbox"/> Include Products with No Activity	<b>Inventory Receipt Report</b> Vendor: <input type="text"/> Warehouse: <input type="text" value="Main"/> Transaction #: <input type="text"/> From: <input type="text"/> To: <input type="text" value="4/7/2020"/>
