

Welcome to the November issue of the TTS Connection. We are continuing to make updates that improve your experience and save you time. Please read on to learn more or click here to view our [What's New](#) page.

Merging 2 Platforms Together

Check inventory directly from the TTS Platform

A new Tab has been added to the Platforms main menu – “TOE”
Here you can check inventory by selecting your Vendor and Warehouse.

Then search by the part number or description for your results. It is no longer necessary to log into the total order entry system to do this. Now all the functionality a rep needs is in the TTS Platform.

1. A new tab titled “TOE” has been added.
 - A. Select this and then select " Check TOE Inventory"
 - B. Make your selection to see inventory status.

The screenshot shows the TTS Platform interface. At the top, there is a navigation menu with options: Home, Manage Customer Quotes, Quotation Reports, Price Sheets, Data Files, CRM, Sales, Company Data, Reach Out, Projects, TTS Cloud, and TOE. Below the navigation menu, there is a search bar and a dropdown menu for 'Check TOE Inventory'. The main content area is titled 'Inventory Check' and features a 'Download to Excel' button. Below this, there is a table with columns: Product, Description, Standard Package, On Hand, Committed, Available, Unit Price, Price Per, Weight, and Weight Per. The table contains 14 rows of inventory data.

| Product | Description | Standard Package | On Hand | Committed | Available | Unit Price | Price Per | Weight | Weight Per |
|---------|------------------------|------------------|---------|-----------|-----------|------------|-----------|-------------|------------|
| 1274A | 2-1/2X1-1/4 HEX R.B. | 5 | 1,530 | 1,130 | 400 | \$100.00 | EA | Open Orders | 50.00 C |

Check inventory right from your Quotation

Now you can check inventory right from the TTS Platform directly from your quotation without having to be logged into TOE (Total Order Entry), saving you time and extra steps.

While creating or editing a Quotation you can now check inventory in the TOE.

Simply click on "TOE Stock"

For any items with **quantity**, a check inventory screen will pop up.

CUSTOMER QUOTATION REVIEW

Customer: ABC ELECTRIC
12 Front St
Boston, MA 02156

RFQ Name: Sample TOE Inventory (Q-17853)

NEW FEATURE! Total Order Entry Transaction to Order Report

Also, found in the Additional Reports page you will find the Transaction to Orders report. This new report will allow you to visually see what back orders you can fill based on an inventory transaction (receipt). It can also show you what backorders were filled, if you used Auto Fill during the transaction process.

1. Select vendor
2. Select warehouse
3. Enter transaction #

Then you can either -

- A) View orders that were filled by Auto Filling back orders or
- B) View orders that you can manually fill
