Official Release Date
February 15, 2022

FEATURED

Featured in Electrical Trends

TradeTechs's featured article in Electrical Trends address these key topics. Quick read, packed with insightful information to keep *your* "communications" competitive.

- How can you increase the speed of manufacturer sales and service via APIs with Reps?
- Why should you integrate with a REP ERP system?
- How easy is it to integrate with a REP ERP system?

[READ HERE](#)

[BOOTH #18](#)

- Come by for Q/A or a simple meet and greet.
- Live Demos of the TTS Platform
- **Don't miss NEMRA22's featured Technology Session** Exchanging Data Between Reps and Manufacturers. *Fast, Reliable and Secure Data Exchange is more important than ever. TTS is on the front line of this technology. Do not miss this session.*

Date: 2/3
