

Issue 18
August 2022

IMPORTANT WEBINAR REGISTRATION

Revolutionizing how the Electrical Industry Communicates.

With our continued efforts to save you valuable time and money, we would like to introduce OrdrTrak™ from TradeTech Solutions.

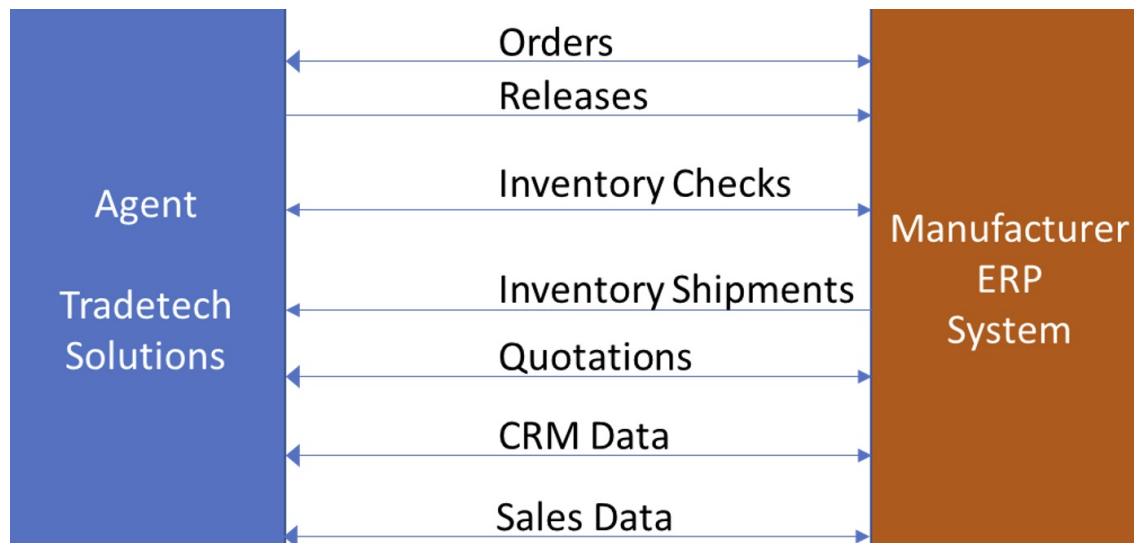

What to Expect?

- Reps will have one location (portal/website) to access ALL Manufacturers Order Status
- Manufacturers can share their Order Status data, simply
- Increased productivity and reduced repetitive tasks, using modern technology (API Connections)
- Distributors will have access to *a//* their vendors in one location, allowing them to check on their own orders.

The technology is simple, very secure, and can be set up in just a day! Register for our webinar for MUST SEE easy to understand, visual presentation on how simple it is for customers to get what they need faster and connect to multiple manufacturers on their order status with the click of one button! There is no cost to OrdrTrak order status and minimal effort to set up and connect manufacturers, no matter the size of your business. We are rolling this out to our customer first, don't miss this!

- **Who Should Attend:** Manufacturers, Reps, and Distributors.
- **Date:** Aug 18, 2022, 2:00 - 2:30 PM (EST)
- **Register by:** Aug 17th
- Click [here](https://ordrtrak.com/NEMRAWebinar.aspx) to register | <https://ordrtrak.com/NEMRAWebinar.aspx>

Time to Communicate. Time to Integrate. Time to Accelerate.

Communicate

TradeTech Solutions communicates regularly with manufacturers and their reps to make processes more efficient, make sales personnel more efficient and organizations more profitable. Technology can enhance the capabilities, relationship and communications between salespeople and manufacturers. It's time to speed things up, save time, sell more and futureproof business - **let's communicate.**

Accelerate

Realtime information and communications is only possible with API. One software to interface with. TradeTech Solutions' TTS platform conveniently integrates the API functionality between Sales Rep and Manufacturer and can be up and running in days - **let's integrate.**

Accelerate

With TTS' API, information exchange is accelerated and can be shared at a moment's notice - reducing lag time from minutes to seconds. The manufacturer is sharing inventory shipping data, customer specific or general pricing, price changes, data sheet changes, announcements etc., with reps in real time - **let's accelerate.**

*TradeTech Solutions is proud to be the technology service provider for **NEMRA.***
